Mansfield RuleTM
Certified Plus 2022 Powered by **DIVERSITY**.iA

In 2022, Womble Bond Dickinson was named a Mansfield Certification Plus law firm for promoting greater inclusion for women, minority and LGBTQ+ attorneys in the profession. The firm successfully met the Mansfield Rule goal of ensuring that women, lawyers of color, LGBTQ+ lawyers, and lawyers with disabilities made up at least 30% of the candidate pool for leadership and governance roles, equity partner promotions, formal client pitch opportunities, and senior lateral positions. Certification Plus status is granted to firms that not only took deliberate steps to expand the list of those considered for leadership positions within their organization, but also achieved diverse representation in key leadership positions during the past year. In addition, the Mansfield project provides opportunities for firms to learn collaboratively and share best practices related to promoting diversity and inclusion. Womble Bond Dickinson is now participating in the Mansfield Rule 6.0 project for 2023.

Professional Development Programs

Associate Programming

Womble Bond Dickinson Summer Associate Program

We offer law school students a diverse mix of meaningful work and social activities that introduce them to our lawyers, our staff, and the cities in which we live and work. Summer Associates do the same type of work as Associates, receive feedback on work assignments, and are encouraged to participate in hands-on learning opportunities.

Entry Level Curriculum Program

This program teaches entry-level associates legal skills that are often not a focus of law school, such as communication, leadership, and the business of legal practice. The program also encourages the development of cross-office relationships by bringing the entire entry-level associate class together for training during the first year of practice. Participants have a reduced billable hours requirement in their first year at the firm to allow for a focus on training and development.

Transatlantic Lawyer Network

Designed to promote integration between UK and US colleagues, the Network's objectives are:

- Build business development and networking capabilities;
- Develop project management skills through working on a business project;
- Build relationships and team working skills;
- Develop a broader understanding of the firm's business challenges;
- Build business cultural awareness— how we do business in each jurisdiction?

Associate Partner Panel Review Program

This program was initiated in 2010 and is for associates at years three and six in their practices. The program provides them with an interactive discussion and comprehensive evaluation at key points during their career before partnership consideration.

Leadership Now

This is an early leadership development program for high-potential associates in years three through seven of their practices. The program is also designed to increase the associates' client access and engagement, help them learn to leverage tools and technology to engage and lead virtual teams, and to foster collaboration and increase exchange within generations. Each participant in Leadership Now is paired with a sponsor who is an experienced leader within the firm.

Womble Bond Dickinson Litigation Training Program

We provide continued professional development to all litigation associates. Courses in the Litigation Training Program include: Arbitrations, Depositions, Expert Witness, Jury Selection I & II (Intro & Advanced), Mock Trial, NITA Basic Trial Skills, Negotiations, Openings & Closings, Persuasive Motions and Technology in the Courtroom.

Womble Bond Dickinson Transactional Training Program

We also provide continued professional development to all transactions associates. Courses led by in-house subject matter experts and outside consultants help develop skills in a wide variety of subjects including: Commercial Provisions, Mergers & Acquisitions, Legal Writing, Negotiations, Restructuring, Securities Offerings, and Venture Financing.

Partner Development Programming

Leadership Womble Program

Developed in cooperation with Gallup, Leadership Womble bolsters leadership capacity for the firm with the specific goal of succession planning for all key leadership roles throughout the firm. The program has also been an important vehicle for promoting diverse lawyers into leadership roles.

An invitation-only experience, Leadership Womble draws from the partner level of the firm and is strictly voluntary. Requiring up to 200 hours of non-billable time over a four-month period, Leadership Womble focuses on practical leadership skills such as mentoring and sponsoring high potential talent, building internal and client constituencies, followers' needs analysis, and receiving feedback.

All participants work on a "Leadership Challenge," a project designed to impact issues such as diversity and inclusion, client service, engaging virtual teams, sponsorship, and other critical areas for building a strong and sustainable firm. The teams present their findings to the firm's management committee during the final Leadership Womble class.

Equity Partner Panel Review Program

This year-long curriculum helps aspiring equity partners develop robust, sophisticated business plans, build relationships that last, and identify and grow niche practices.

Members of each EPPR cohort receive individualized coaching and feedback on their business plans, including a review of the plan with firm leadership, veteran form equity partners, and professional development leaders - a personal Board of Directors.

Our eyes are set on the future
while we thrive in the present.

We're looking for the next forward-thinker. If you're a doer, a finisher or entrepreneur who leaves no stone unturned, you may find a place at the transatlantic law firm close to home.
